Mercantile Marine Manager

Says No Change Has Been

Contemplated.

A reduction of \$30 in first class minimum fares has been put into effect by the Nippon Yusen Kaisha on fix vessels in the Sentile-Fur Eastern service. At \$370, the minimum fare is below the minimum of \$300 ostablished by the Canadian Pacific Ocean Services, the Cana

also parcel post mails for Lithuania and Lavia, as agreed upon in conference.

This reduction below the minimum was the occasion for a meeting of teprocessitatives of the conference lines in Chicago. The contention was made by delegates from the Nippon Yusen Kaisha that their rates did not mean an actual cut below the conference rate, as the accommodations which took the \$270 rate were less desirable than the minimum rate rooms on ships of the other lines. The matter was satisfactorily adjusted, according to New York passenger agents of the line.

the recently announced cuts in second
class and accrage rates were set at rest
costerday by R. H. Farley, assistant
passenger manager for the International
Mercantile Marine Company. No change
had been contemplated, he said, in the
plans of the transatiantic lines to reintroduce last summer's rates in April of troduce last summer's rates in April of next year. The summer schedule is 10 per cent higher than the winter. "The highest priced accommodations on our best ships continue to be filled first, and it is difficult to book the min-

irst, and it is difficult to cook the him imum fare accommodations even on the Olympic," Mr. Farley declared. "This would seem to indicate that there is no considerable demand for lower first class seates. The used for cheaper fares seems to be met by the cabin class ships of our lines and others."

DEBTS OF SHIP EOARD PUT AT \$350,374,358

Money Available \$130,830,-000 on September 30.

Washington, Dec. 5.—Unpaid claims and debts of the Shipping Board on September 20 aggregated \$250.374.358, while it had available in money on hand and appropriations \$130.830.000, according to figures sent to the Senate to-day in response to a resolution by Senator Poindexter. Republican, of Washington. In addition to the Habilities mentioned the board reported that it had debts, unrecorded at the headquarters here but entered at subsidiary offices, of \$25,904,717. Offsetting this figure, however, the board had credits of the same sort totalling within a few thousand dollars of the amount.

Actual claims pending against the board totalled \$292,155,843, which the statement divided as follows: Admiratty, \$59,934.100; contractors, \$134,206,555; requisitioned ships, \$27,093,172; court of claims, \$62,739,315, and miscellaneous, \$2,560,124.

Disposition of the board's assets was given as: Money on hand, \$33.472,242; appropriations, \$45,558,009, and an additional appropriation not exceeding \$55,000,000 to be used from payments on

PRIVATE SHIP OWNERS DELAY WAGE MEETING

No Delegates to Washington

Conference With Un

The American Owners Association will consider the wage question December 19 at a general meeting, it was decided yesterday, according to Winthrop L. Marvin. vice-president and general

L. Marvin. vice-president and general manager.

As no action was taken on the Shipping Board's invitation to attend the conference in Washington December 12 with representatives of the workers' organizations, it was indicated that the ship owners would not be represented. This is in line with their policy to deal directly with the men.

The assumption of the private owners has been that the board intends to discuss with the labor leaders a new agreement to take the place of the one which lapses December 20, involving substantial promise on the part of the board to maintain the wage schedule decided upon last spring, following the marine workers' strike. Even should lower wages be agreed to take effect January I, it is said the owners will prefer to hold to their present policy, which gives them entire freedom of action.

The latter is 18 and happened to be born in Poland, whose quota mas been exhausted.
